

# Wondering what you can do about the Economy?

## ***THE GOOD NEWS:***

On average, a dollar spent at a locally owned store is usually spent 6-15 times before it leaves the community. That means for every dollar you spend locally, you create \$5 to \$14 in value within that community.

## ***THE BAD NEWS:***

Spend \$1 at a national chain store, and 80% of it leaves town immediately.
